TBS Group and Suppliers Banquet  
於東莞 8th May 2009

Cooperation with suppliers is the basis of our growth and success. More than 100 suppliers from China and Taiwan gathered in Dongguan for a banquet to meet with Dr. George Wood in order to pave the road to a brighter future.

The factory owner patiently waits for the arrival of President George Wood.

The company employees show sincere hospitality to various company owners.

In a 20 minute public statement, Dr. George Wood offered his blessing to the factories, clarified his expectations for future endeavors, and expounded on the company's philosophies.

A look at the banquet – Amidst friendly remarks, good stories, savory cuisine, and fine wine, these factory owners look forward to a brighter future

A series of presentations directed towards various industry representatives and the general public, etc.

TBS specializes in sporting goods, but we never forget to promote and improve Taiwan's professional golf. TBS and Mizuno cooperated in holding the Taiwan's Pro Golf Tournament.

At the international conference held by Chinese Taipei Olympic Committee, Dr. George Wood hopes to introduce Taiwan's sporting goods industry to the world by means of telling the history of its development.

In both his personal and professional life, Dr. George Wood is always willing to share his experiences. Every year he serves at the very least 10 lectures to enlighten not only college students but the general public as well.

A look at his speeches – Sharing his thoughts with college students

During a press conference, industry reporters from 12 different countries met with Dr. George Wood as he fervently promoted Taiwan's sporting goods industry.

Representing the Taiwanese government at the WTO conference in Switzerland

Other than his own business, Dr. George Woods invests much of his time and effort in promoting the development of the world-wide sporting goods industry.

Outside of business, friends are an indispensable part of a life's journey. Here, international friends attend Dr. George Wood's banquet to celebrate his 50th birthday.

Not only does he focus on his work in the office, but Dr. George Wood always remembers to invite friends to his house in his hometown to get a taste of the local cuisine.

During the exhibitions, Dr. George Wood has fun with good friends. Left: Mr. Robbert de Kock, Secretary General of World Federation of The Sporting Goods Industry

Another view of our exhibition – These exhibitions give us the chance to find and more business opportunity.

A look at our exhibition - There has never been a shortage of business opportunities, but success depends on our own commitment and dedication to our work.

Every year, there are 3 or 4 international exhibitions, and TBS never misses a chance to make an appearance.

VIPs from all over the world will always attend parties at Dr. George Wood's house every year.

Left: Mr. Manfred Wutzlhofer, Chairman & CEO of Messe Munchen GmbH

Ambassadors from different countries gather in TBS's showroom to listen to Dr. George Wood introduce the small and medium enterprises in Taiwan.

Taiwanese Government arranged for a group of ambassadors to visit TBS Group Corporation.

At various conferences and banquets, Dr. George Wood lifts up the atmosphere as he socializes with the attendees and expresses Taiwan's beauty.

He is always focused on his own business, but he will never forget to promote and introduce Taiwan's sporting goods industry.

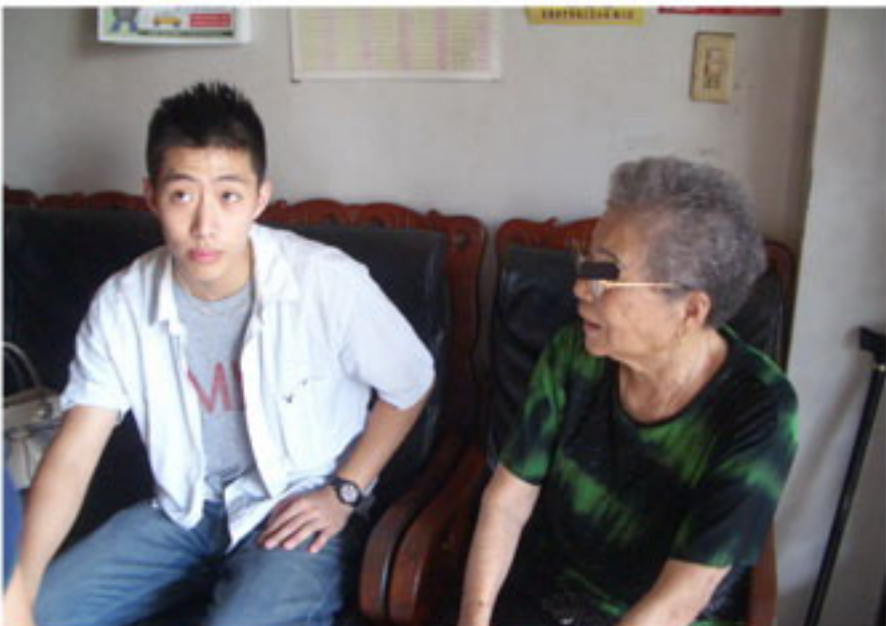

Following Dr. George Wood's lead, VIPs from various countries visit Taiwan's historic landmarks.

Recording the individual needs during visits is foundation of our care, and we can better offer help where it is needed most.

The face to face interactions and the stories told by individuals has given us a deeper understanding and sparks a greater consideration for those in need

Grand Mothers are always in need of our assistance and concern.

Our regular visits every 2 months let us show our sincerity in this commitment and take care of any emergencies.

The elderly and adolescent need even more of our care and generosity.

Frequent visits allow us to see if our aid has really helped them move forward to a better life.

Children are the future pillars of hope, and in the forgotten corners of society you can find a young ray of promise that needs our help.
